## The Madison Suburban Utility District Water Treatment Plant

## **Grade IV WT Operator**

Madison Suburban Utility District (MSUD) is seeking applications for experienced Grade IV Water Treatment Operators, licensed in the State of Tennessee. MSUD hosts a 15 MGD rapid sand filtration plant on the Cumberland River, and is located in Madison, TN just 15 minutes from downtown Nashville.

The On-shift Operator is responsible meeting or exceeding water quality standards by collecting and analyzing water samples, monitoring/adjusting treatment processes, and ensuring system demands are satisfied. MSUD offers competitive pay and excellent benefits to its employees. A Grade IV license is required. Hiring is subject to a background check and drug testing. MUSD is an equal opportunity employer. Position will remain open until filled.

Interested parties may send resumes to the attention of Mr. William Eaton, Plant Manager, at the address below or may call to request an application at (615) 865-1636.
